*Wondrous Item, uncommon*

This stone is a perfect small sphere with a beautiful blue sheen. Looking into it you can see small waves of magical aura swirling around inside it. When using this item the orb begins glowing with blue starlight and the user's eyes begin glowing with the same blue magic.

Once per day, this stone grants the user to cast the Identify spell:

You choose one object that you must touch throughout the casting of the spell. If it is a magic item or some other magic-imbued object, you learn its properties and how to use them, whether it requires attunement to use, and how many charges it has if any. You learn whether any spells are affecting the item and what they are. If the item was created by a spell, you learn which spell created it.

If you instead touch a creature throughout the casting, you learn what spells, if any, are currently affecting it.
