

Red Web Teleportation Fluid

Version 1.00 (January 2023)

<https://www.dndbeyond.com/magic-items/5883255-red-web-teleportation-fluid>

Potion, legendary

This is a Verronian creation blessed by the magic of Lolth, which they created to make use of the spider webs all around the plane to make ease of transportation.

The potion is to be splashed onto a spider web and this version will teleport you to anywhere on any plane and will create a spider web wherever the user would like to go and will stay open for 1 minute.
