Armor (splint), uncommon

This armor was handcrafted by Beverly Caskbow using the fangs given to her by Wolfe Holdfast.

Which was then upgraded to a Heavy set by the Adore Ore Blacksmith. The armor has added fangs on the shoulder pads and around the arm to be used as a bit of offense while also defending the wielder.

You can use a Reaction to shove yourself into an enemy after they attacked you, within 5ft, to do 1d4 slashing damage by cutting them with the fangs on the armor.

This armor is made of narrow vertical strips of metal riveted to a backing of leather that is worn over cloth padding. Flexible chain mail protects the joints.

Notes: Combat, Warding, Str 15 Required, Stealth Disadvantage
